

Aegis Electronic Group, Inc. is now an ITAR Registered Manufacturer and Exporter

May 16, 2011, Gilbert, Arizona – Aegis Electronic Group, Inc., a top industrial camera distributor specializing in the distribution, integration and support of visible and Near IR cameras, components and modified integrated system solutions, is pleased to announce that the United States Department of State Office of Defense Trade Controls Compliance has designated Aegis to be an ITAR registered manufacturer and exporter.

By virtue of this registration, Aegis commits itself to compliance with the Arms Control Act (AECA) and the International Traffic in Arms Regulations (ITAR Part 122). It is also a precondition for obtaining export licensing and other approvals from the Directorate of Defense Trade Controls (DDTC).

Receiving this registration demonstrates that Aegis Electronic Group, Inc. has the knowledge and understanding to fully comply with the Arms Export Control Act (AECE) and International Traffic in Arms Regulations, as well as having corporate procedures and controls in place to ensure compliance.

Administered by the Office of the Defense Trade Controls Compliance (DDTC), under authority established by the Arms Export Control Act (AECA), ITAR regulates the manufacture, export, import and transfer of defense articles and services, and is a precursor to serving the homeland security, aerospace and military markets. Aegis now has the right to manufacture and ship military products for export.

More information about ITAR Registration and Compliance, can be found at, <http://www.pmddtc.state.gov/>

###

About Aegis Electronic Group, Inc.

Founded in 1989, Aegis Electronic Group, Inc., is a woman owned, small business specializing in the distribution, integration and support of visible and Near IR cameras, components and modified integrated system solutions for Industrial Broadcasting, Bioscience, Military, Medical, Microscopy, Remote Monitoring, Security/Surveillance, Space, Traffic, Video Conferencing and Machine Vision imaging applications.

Committed to delivering value added solutions with the highest levels of technical support, customer service and quality hardware, Aegis, over the last 20 years, has transformed from a hardware provider into a full systems integrator of industrial analog and industrial digital camera systems.

Aegis works extensively with not only analog but with the latest digital technologies including FireWire®, CameraLink, USB 2.0, Gigabit Ethernet (GigE)® to meet the ever changing needs of our customers.
